

REQUEST FOR SEWER ADJUSTMENT FOR RESIDENTIAL POOL FILL-UP

_____ In-Town

_____ Out-of-Town

Date: _____

Property Owner Name: _____

Property Owner Address: _____

Phone: _____

Alt. Phone: _____

- I am requesting approval to fill/re-fill my swimming pool. I will be using my garden hose for this purpose, and I understand that the hose must be equipped with a vacuum breaker valve and that the hose cannot be allowed to rest below the surface of the water.
- I understand that a Town representative will record a meter reading prior to filling my pool and another reading after the pool is filled.
- I understand that a photo of the meter prior to beginning the fill-up and a photo after the fill-up is complete will be accepted provided the photos are readable so an accurate usage reading can be determined.
- I understand that I will receive a credit for the sewer charge for the amount of water I use to fill the pool, and the water usage will be billed on my next water bill.
- I agree to indemnify and hold harmless the Town against any and all liability related to filling the pool.
